

What's the deal with Digital Manga?

@elliotpage
Kitacon 2017

Who the heck are you, anyway

I'm Elliot! Hi!

I used to be the Podcast Host for the UK Anime Network

I used to write things there too

uk-anime.net

I operate a search engine for legal digital manga availability

Mangasear.ch

I have an empty website

Relationships in Manga: Beyond a Kiss

Abstract

A lot is out there!

But! It is very fragmented

Series availability varies ***wildly***

Free, Paid Subscription, Volume purchase models all co-exist

A lot of walled gardens, little portability, UK often an afterthought

Trajectory of "the space" is generally positive!

Panel will only focus on Legal, Legitimate options

I don't know everything, but I try my best, honest

Storefronts

& MORE!

Pros and Cons of Digital Manga

- 😊 Immediate delivery
- 😊 Weighs nothing
- 😊 Takes up no physical space
- 😊 No risk of damage
- 😊 Can put on multiple devices
- 😊 No need to worry about stock/ volumes going Out of Print*
- 😊 More sales available
- 😊 Swifter availability*
- 😡 Unable to resell volumes you buy
- 😡 Unable to borrow/lend volumes
- 😡 Lots of walled gardens in purchasing / reading
- 😡 If a store goes belly up, you may lose access to your purchases
- 😡 Not everything available – some Authors/ JP Publishers don't want Digital versions
- 😡 Pricing sometimes not very competitive compared to physical
- 😡 Requires additional hardware

Mangasear.ch

Formerly hidamari.moe

Tries to answer the questions:

"I wonder if this series has a legitimate release?"

"Where I can buy it from?"

Still very much in ongoing development!

Manga Title 

A recommendation from the staff:

Black Lagoon
Rei Hiroe

When hapless salaryman Rock gets sold down the river by his employer and thrown into the underworld haven of Roanapur he decides to take his chances with his kidnappers, Lagoon Company. Barrying around in a WW2 Torpedo Boat they take mercenary jobs and try their damnest to not get killed in the powderkeg of different factions. Amazing action, fascinating cast, and bloody lovely art.

What this means:

Free, legitimate Manga!

Not a lot of these out there, but worth bearing in mind.

More publishers/outlets are slowly adding free manga to their services in addition to their other offerings.

Mangabox

iOS app, Android App, Limited Web reader

<https://www.mangabox.me/>

Free-to-read Weekly “Magazine” with a variable cast of series.

Caches the 10 most recent volumes only, alongside a historical “Digest” of currently running series.

Some nice titles, but few of them, no backlog.

A massive missed opportunity.

What this means:

Paying a fee, either on its own or as part of another product, to have access to either an existing catalogue of Manga, ongoing releases, or both.

Few of these around, sadly.

Personally believe this would be a well-received format for digital manga.

On a whim, shop owner Shuji Tanihara hooks up with reserved pediatrician Takafumi Saji. Shuji wasn't expecting much from the fling, but after seeing an unexpected side of the serious doctor while out on a date, Shuji finds himself becoming more attracted to the man. When Shuji accidentally sees Takafumi kissing someone else, he's surprised at how conflicted it makes him feel. To make matters worse, the doctor then tells Shuji that he won't be able to see him for a while! Will the relationship that started as a fling finally deepen into something more?

Delighted with the latest volume of this adorable story - and hoping that, when Volume 3 is released, you'll be able to secure the license and release it. Sakuragi-sensei is so good at creating believable characters.

Ages 12+

584 pages

Fourth grader Sakura Kinomoto finds a strange book in her father's library—a book made by the wizard Clow to store dangerous spirits sealed within a set of magical cards. But when Sakura opens it up, there is nothing left inside but Kero-chan, the book's cute little guardian beast . . . who informs Sakura that since the Clow cards seem to have escaped while he was asleep, it's now her job to capture them!

* *Cardcaptor Sakura* is finally available in omnibus form! In the style of the recent edition of CLAMP's *Clover*, Dark Horse will use remastered image files straight from CLAMP.

* *Cardcaptor Sakura* is a *shojo* saga well known to fans, both through the manga and the anime TV series and movies, released in the U.S. through Geneon.

The Dark Horse series of CLAMP omnibus editions has truly raised the bar for manga collections!
